

NESTIARA LIDYA KAKIHARY

Information Systems Professional | IT Project Manager | Web Developer

+62 851 1780 0728 | nestiara19@gmail.com | artesiannest.carrd.co | Indonesia

PROFESSIONAL SUMMARY

Information Systems graduate with experience in software development and IT project management. Founded and managed a web development studio specializing in web-based applications, combining technical expertise in PHP and UI/UX design with strong leadership and analytical skills. Adept at coordinating development teams, managing client relationships, and ensuring projects are delivered on time and within scope. Passionate about leveraging technology, data, and business strategy to create efficient digital solutions.

WORK EXPERIENCE

IT Project Manager | Simple Code Studio | January 2022 – May 2026

- Founded and managed a web development studio delivering website and web application projects for clients across multiple industries.
- Led end-to-end client communication, project planning, and cross-functional team coordination.
- Supervised UI/UX design quality, code review, and on-time project delivery.
- Managed key aspects of project lifecycle including client relations, scope management, and final approvals.
- Provided high-level strategic guidance and ensured alignment between technical deliverables and client expectations.

Junior Programmer | APacead Team SG | June 2024 – December 2025

- Worked within an IT consulting and services startup, contributing to client software development projects as part of a small technical team.
- Received task breakdowns directly from project leads and delivered assigned development work using an Agile workflow.
- Collaborated with team members across sprints to build and iterate on client solutions within set timelines.

Information System Intern | Satya Wacana Christian University | September 2020 – March 2021

- Supported faculty website management and online class coordination for the Information Systems department.
- Assisted in scheduling virtual learning sessions and improving digital workflows for remote education delivery.

EDUCATION

Bachelor of Information System | Satya Wacana Christian University, Indonesia | 2017 – 2021

GPA: 3.84 / 4.00

Thesis: *PIECES Framework for Analysis of User Satisfaction on IoT-Based Devices*

CERTIFICATIONS & ACHIEVEMENTS

- Foundations of Project Management — Google, via Coursera (November 2025)
- Introduction to Cybersecurity Careers — IBM, via Coursera (December 2025)
- Introduction to Computers and Operating Systems and Security — Microsoft, via Coursera (November 2025)
- Founded Simple Code Studio – Web Development Studio (2022)
- Founded Akar Rasa Food and Space (2025)

TECHNICAL SKILLS

Programming & Development: PHP, HTML, CSS, JavaScript

Design: UI/UX Design

Project Management: Process Improvement, Business Process Optimization, Cost-Benefit Analysis, Risk Management, Team Management, Data-Driven Strategic Planning

Core Competencies: Critical Thinking & Problem Solving, Client Relationship Management, Digital Workflow Optimization

ACADEMIC PROJECTS

Culdict-Nesia: Culture Addict Indonesia

Developed a comprehensive business plan for an online platform to promote Indonesian cultural arts, empower local artists, and expand global cultural engagement.

PIECES Framework for Analysis of User Satisfaction on IoT-Based Devices

Analyzed user satisfaction of IoT-based smart home devices using the PIECES Framework to evaluate system performance and identify areas for improvement.

IoT-Based Water Hyacinth Management

Proposed an eco-management concept for Rawa Pening Lake using IoT-based fenced water hyacinth cultivation with sensors for growth and ecosystem monitoring.
